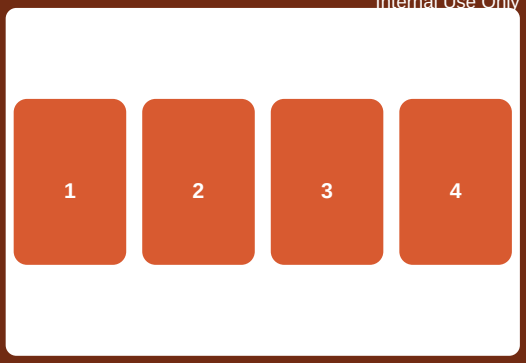
PEOPLE & CI

Internal Use Only

GO & See

Leaders leave the office and visit the actual workplace to observe firsthand — replacing management by reports with



WHEN TO USE

Daily for leaders at all levels. GO & See is a habit and discipline, not an occasional event or inspection.

HOW TO APPLY — STEPS

1. Schedule regular GO & See visits with a defined frequency — don't leave it to when you have time
2. Use a structured observation checklist to maintain consistency
3. Observe before intervening — ask questions first, give opinions second
4. Provide coaching and support to team leaders based on what you see
5. Follow up on every identified issue within 24–48 hours to demonstrate credibility

PRACTITIONER TIP

! GO & See is coaching, not inspecting. If the team hides problems when you arrive, your management approach — not theirs — needs to change.

KEY OUTPUTS

- GO & See observation log
- Coaching and development notes
- Action items for management follow-up

HOW TO MEASURE SUCCESS

GO & See visit frequency per week; issues identified per visit; team engagement score trend
