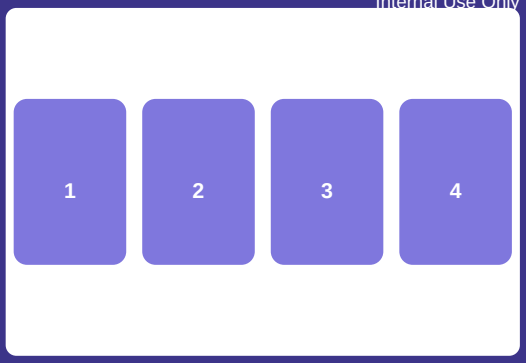
STRATEGY & PLANNING

Internal Use Only

KPI Check

Systematically review key performance indicators to confirm whether performance is on track and to trigger immediate



WHEN TO USE

Daily, weekly, and monthly at every level of the organisation as part of routine management.

HOW TO APPLY — STEPS

1. Define KPIs with clear targets and measurement methodology
2. Collect and display data consistently on visual boards
3. Review at daily and weekly meetings using RAG status
4. Investigate RED indicators within 24 hours
5. Track improvement actions to closure

PRACTITIONER TIP

A KPI with no owner is a decoration. Assign a named person to every metric — not a department, a person.

KEY OUTPUTS

- KPI dashboard with RAG status
- Trend charts
- Action log for off-target indicators

HOW TO MEASURE SUCCESS

% KPIs within target; response time to RED indicators in hours
